

Exhaust Update for 2016 Season

I have been giving this a lot of thought, as much as I do not like changing rules at all, let alone this close to the beginning of our season, I feel it is necessary for the health of our track. Noise has been an on-going issue for race tracks since before many of us were born and Madison International Speedway has had battles with this as well. A neighboring track is currently under fire for noise. We do not want to be next. That being said, starting June 10, we will be enforcing a 25 pound penalty for any car with side exhaust in our weekly Late Model and Sportsman divisions. This gives the Late Models now or the week off of June 3 to comply and many of the Sportsman are already in compliance. In 2017 for our weekly divisions, all exhaust will exit beneath the car, pointing down as it has in the past. Thank you for your understanding and feel free to contact me with any questions.

Please remember that Driver Orientation will take place on Wednesday April 6 at the Stoughton VFW. Doors will open at 5:30, the Rookie meeting will take place at 6pm with the general meeting following at 7pm. You will be able to register for your NASCAR License and Pit Slab at that time. The first Tire Sale of the season is on Thursday April 21 from 5-7pm. All of us are looking forward to a great season and we hope you will join us in 2016.
